

# The Knights of Columbus 5<sup>th</sup> Annual **CALEDONIA CHILI COOK-OFF**

In support of

## **Tucker Haggith & Family**

**Tucker Haggith** (Taco) was born locally in March of 2017 and within hours was diagnosed with Hirschsprung disease. This is a very rare condition that affects the bowels ganglion cells. Shortly after being diagnosed, Tucker ended up developing life-threatening Enterocolitis 3 times over the course of 2 months and required an Ileostomy and had to be hospitalized. Tucker was taken to Nationwide Hospital in Columbus Ohio for a major surgery followed by extensive treatments and therapy. Unfortunately, Tucker's family had to pay for most of the medical & travel expenses out of pocket, with little to no support.

With this year's cook-off we are hoping to assist Tucker's family with ongoing medical supplies and treatments necessary for his development & recovery. Please join us at the **5<sup>th</sup> Annual Caledonia Chili Cook-Off** on **Saturday April 27<sup>th</sup>** at **McKinnon High School** from 4 to 8 pm.
