

The 7th Annual Caledonia Chili Cook-Off

Presented by:
The Knights of Columbus - Council 9300

Primary Recipient **George Hermis**

George Hermis is a 13-year-old student at St. Patrick's and is the youngest of 5. George suffers from Duchenne Muscular Dystrophy, which is an aggressive variant of the disease that can affect one's quality of life. He is no longer able to walk on his own and requires a wheelchair for regular mobility.

Unfortunately, George's condition continues to intensify, impacting his overall mobility & basic function. For this reason, he could greatly benefit from a powered chair lift at his home for basic everyday needs.
